Companies Department

Email : companies@suezcanal.gov.eg

Companies Department is one of the SCA's departments. According to the SCA's organization chart, It is considered to be the Chairman's consultant , through which planning and continuous follow – up of the SCA's affiliated companies is efficiently done to achieve the budget's goals.

The Companies Department should, therefore, take decisions concerning the aims of its affiliated companies, the way of improving them, and the efficient use of obtained resources to achieve those aims.

Companies Department comprises 7 companies, the total Capital 519 million Egyptian pound, by which approximately 8000 workers are employed.

They are as follows :

- 1. Canal Mooring & Lights Co.**
- 2. Timsah Shipbuilding Co.**
- 3. Canal Harbour&Great Projects Co.**
- 4. Suez Shipyard Co.**
- 5. The Canal Naval Constructions Co.**
- 6. The Port-Said Engineering Works Co.**
- 7. The Canal Rope Co.**

[Canal Mooring & Lights Co.](#)

Main Activities:

Mooring Activity:

- * Mooring and unmooring of vessels transiting the Suez canal or arriving at Egyptian ports(Port Said, Suez, Sharm El – Sheikh, Nuweiba and Ein Sukhna), in addition to the ships waiting at Ballah By – pass.
- * Providing transiting vessels with floating units and crew required for mooring services.

Lights Activity :

- * To comply with the Suez Canal's Rules of Navigation, all transiting vessels should be equipped with light projectors of special technical specifications. So, the company can serve standard light projectors to transiting ships upon request, in addition to providing them with highly -skilled electricians.

Other Activities :

- * Laying water & gas pipes and electrical & telecommunications cables underground by using a high technical innovative process to achieve precise and pre – determined location at certain spots.
- * Gas detection works.
